3rd Quarter: A Study of Peter Pan

4th Quarter: The Role of Freshwater around the World

Read to Achieve

The Read to Achieve program is part of the Excellent Public Schools Act that became law in 2012.

The law outlines that if a third grade student is not reading at grade level by the end of third grade on the Third Grade Reading EOG, they will be invited to attend a district-sponsored reading camp to receive additional reading support.

The goal is for all third grade students at Level Q on mClass by the end of the year.

Science

Topics:

Matter: Changes and Properties

Plants: Surviving in their Environment
